MARCH 2 SUCCESS

MARCH 2 SUCCESS

March 2 Success is an online, self-paced course designed to improve your performance on standardized tests while enhancing your math, science and English skills.

To have a strong future, the U.S. Army provides all its employees with a large selection of educational programs and benefits.

Now the Army is extending that commitment to education to young adults still in school with March 2 Success.

March 2 Success is available 24 hours a day 7 days a week so students can log on at times that are convenient for them. March 2 Success is free. There is no obligation.

CONTENT

March 2 Success provides cutting-edge assessment software and world-class education content in an easy-to-use, self-paced format to accelerate your learning curve for state assessment testing, SAT and ACT practice and preparation. This content was developed by Peterson's, a Nelnet company.

Peterson's has been a leading provider of solutions for the education-seeking family for more than 40 years. Its online and print resources help students increase test scores, find a college that fits their educational goals, maximize higher education affordability and explore careers.

Together with team leader, Sygnetics, and technical support from Innovative Management Concepts, a leader in software development and support, the effort has created an interactive online preparation system that is unsurpassed. The system provides a full array of subject specific assessments and remedial courses tailored to the student's educational needs, as well as practice drills and tests.

The March 2 Success tutorial can enhance and refresh your knowledge to assist you in achieving your educational or career goals.

THE COURSE

Individuals will have the capability of selecting part or all sections of the course offered within March2Success. These sections include:
